Hello! We are pleased to announce that the AP exams listed on the following page are available for students to take. Each exam has a full price cost of \$94; however, the State of Indiana does subsidize much of the cost for math and science exams, leaving only \$9 as the student cost for each of these exams. The State will subsidize the cost for the English exams for 11th and 12th grade students, leaving a \$9 fee for those exams as well. The subsidized cost is for students currently enrolled in the courses listed. Additionally, students who receive either free or reduced lunch through the federal subsidy program qualify for an exception of fees on all non-English, non-math, and non-science AP exams, leaving a student no cost for each non-English, non-math, and non-science exam. In order to register for an AP exam, please fill out the following page and return it to the Main Office, with payment, the week of **February 19th**. The deadline for registration is **Monday, February 26, 2018**.

If the student will be taking two exams on the same day, please indicate whether s/he will bring a sack lunch from home or order a boxed lunch from the school cafeteria. If the student plans on taking exams that are schedule at the same time, the student will take the exam with an *asterisk* next to the title on the alternate date listed at the bottom of the spreadsheet.

Students must complete pre-administration paperwork. Students will be contacted in early April to schedule a date and time to fill out the necessary paperwork.

The AP Bulletin for AP Students and Parents can be found at the following CollegeBoard website:

Thank you and good luck on your exams!

Assistant Principal

Non-VHS Student AP Testers

Contact Information

Please complete the following form. This information is very important for the AP exam process. In order to maintain communication and complete all pretesting paperwork, it is necessary that we have the following information. Please note: During the week of April 9th to April 13th, we will need you to come to Valparaiso High School. During this visit, we will complete all pretesting paperwork. The student will become familiar with the building and the testing room. The student will be given detailed information regarding each exam and appropriate testing materials and timelines.

We look forward to working with you and wish you the best of luck as you prepare for these exams. Our goal is to provide you with the best testing environment. If you need anything, please do not hesitate to ask. If you require special accommodations, please share those needs with us as soon as possible.

Student is approved by College Board for Special Testing Accommodations? _____ Yes _____ No

If the student is approved for special accommodations, please provide a copy of the approval notice from the College Board to the AP Coordinator, Karen Koelm, as soon as possible. Failure to provide this documentation will hinder our ability to provide the AP tester with the appropriate resources during testing.

Student will be testing in an AM and PM exam in the same day? _____ Yes _____ No

If the student will be testing in both the morning and afternoon of the same day, we ask that the student bring a sack lunch with them to the test site. The sack lunch will be placed in the front of the testing room during the morning exam. The student will have a minimum of 25 minutes for lunch before the afternoon exam begins.

Please Note: Cell phones are NOT allowed in the testing room during AP exams. Non-VHS Student AP Testers may use the Main Office phone to contact home when they are finished with their exam(s) or leave their cell phone in the Main Office. Thank you for your cooperation.
